Data Availability

In addition to compact disc (CD-ROM), the Statistical Compendium is available on the website of the Council on Post-Secondary Education.

Data in This Report

The data in this report have been provided by:

- University of Manitoba
- University of Winnipeg
- Brandon University
- Collège universitaire de Saint-Boniface
- Red River College
- Assiniboine Community College
- University College of the North (formerly Keewatin Community College)
- Canadian Mennonite University
- Providence College and Seminary
- Steinbach Bible College
- William & Catherine Booth College
- ACCESS Programs
- Campus Manitoba
- Inter-Universities Services

Although the data in this report have not been audited, the objective is to provide a general overview of Manitoba Post-Secondary institutions. And because the fundamental difference among institutions in academic programs, organization and physical environment, data in this report are subject to interpretation and clarification.

Requests for further institutional data should be directed to the specific university, college or program.

ACKNOWLEDGEMENT

This edition of the Statistical Compendium was prepared in cooperation with representatives of Manitoba's post-secondary institutions and programs. The universities, colleges and private religious institutions provided data from 1999/00 to 2008/09. The other programs provided data at various time frames.

The Council on Post-Secondary Education would specifically like to thank the individuals associated with the following institutions and programs, who gave of their time and assistance, which in turn, made this document possible. These include:

- The University of Manitoba Office of Institutional Analysis and Human Resources
- The University of Winnipeg Institutional Analysis Department and Human Resources
- Brandon University Co-ordinator of Research Services, Computer Services, Enrollment Services and Human Resources
- Le Collège universitaire de Saint-Boniface Registrar and Computer Services
- Red River College Research and Planning and Human Resource Services
- Assiniboine Community College Registrar, Computer Services and Health and Human Services
- University College of the North Registrar (formerly Keewatin Community College)/ Computer Services and Human Resources
- The Canadian Mennonite University Registrar and Computer Services
- Providence College and Seminary
- Steinbach Bible College
- William and Catherine Booth College
- The ACCESS Programs
- Campus Manitoba
- Inter-Universities Services

CHAPTER 1 - UNIVERSITIES

PART 1

TOTAL ENROLLMENT

CHAPTER 1 – UNIVERSITIES

1.0 Background

There are four funded public universities and one university college in Manitoba, each operating under separate legislation and defined as universities under the Council on Post-Secondary Education Act: the University of Manitoba (UM), the University of Winnipeg (UW), Brandon University (BU), Collège universitaire de Saint-Boniface (CUSB) which is an affiliated college of The University of Manitoba and University College of the North (UCN).

The UM is the largest, most comprehensive and only medical-doctoral university in Manitoba. In addition to offering undergraduate and graduate education in arts, science and other fields, UM offers programs in a broad range of professional areas. The UW, BU and CUSB are all primarily undergraduate institutions, which offer undergraduate and a limited number of graduate programs in arts, and education, as well as specialized programs on an institution-by-institution basis. CUSB offers university programming in French.

University College of the North was established July 1, 2004 replacing Keewatin Community College (KCC). Bachelor of Arts was the first degree program offered at UCN in 2005/06 and in 2006/07 the Kanaci Otinawawasowin – midwifery degree program was introduced. College-level programming offered through the former KCC is available through the new university college. Programming is available at the two main campuses in Thompson and The Pas, as well as through a network of regional centres in smaller communities throughout northern Manitoba.

On some tables, data in this Chapter may differ from the September 2009 edition. Data in this document should be considered correct, as some institutions have revised their data.

1.1 Total Enrollment

1.1.1 Total Enrollment – All Sessions

The "total student enrollment for all sessions" is the sum of all full-time and part-time students at each university in Manitoba. This includes undergraduate and graduate enrollments in both the regular session and spring/summer sessions. Total enrollment is a student headcount, which is the sum of all full-time (FT) and part-time (PT) students.

"Full-time equivalent" enrollment (FTE) is a calculation that equalizes all students to full-time status. This calculation takes the number of part-time students and it divides by 3.5, which, according to Statistics Canada, will give a figure equivalent to the number of students attending university full-time. When this number is added to the number of full-time students, the result is FTE.

Enrollment is a discrete count of students in each session; regular session (full-time or part-time) and/or spring/summer session (full-time or part-time). Therefore a student may be counted twice if enrolled in both sessions in an academic year. Statistics Canada does not report a student twice in one academic year. As a result, data reported in the Compendium may not be completely parallel to Statistics Canada data.

Regular session data are reported by the universities as of November 1 annually, and includes students who have paid tuition fees; fall and/or winter session. Spring and summer data are reported two days following the voluntary withdrawal date of the final summer session term.

The chart below shows the distribution of total student enrollment by university in 2008/09: UM account for just over two-thirds or 67% of total university enrollment, UW 22%, BU 8%, CUSB 2% and UCN 1%.

2. Regular (end of Nov) and spring/summer sessions
3. Joint Master's program students who have their workload directly associated with the UM.
4. Pre-master's (PMGE), Master's Doctoral, Occasional and Diploma students.
5. Distance Education students (Part time).
6. Enrollment is discrete count of students in each session; e.g. student enrolled in Regular and Spring/summer session in the same year may be counted twice in the above data.
7. In April 2006, University of Manitoba implemented a new student registration system. The new system has a different conceptual format, i.e. students registration information are separated/recorded on a term by term basis. For the purpose of reporting, Fall term enrollment is used. Full/part-time breakdown unavailable for 2006, therefore all students in spring/summer session counted as part-time.
8. University College of the North (UCN) was established in July 2004 and replacing Keewatin Community College (KCC). 2006/07 data include degree programs in Bachelor of Arts, Midwifery and Joint Bachelor of Nursing.

Enrollment data includes;

1. Undergraduate and Graduate enrollments: Full time and Part time.

Source: Manitoba Universities

2. Joint Master's program students who have their workload directly associated with the UM.

3. Pre-master's (PMGE), Master's Doctoral, Occasional and Diploma students.

4. Distance Education students (Part time).

5. University College of the North (UCN) was established in July 2004 and replacing Keewatin Community College (KCC). It began offering Bachelor of Arts in 2005/06 and Kenaci Otinewaweow in (Aboriginal Midwifry)Baccalaureate Program (KOBP) in 2006/07.

1.1.3 Total Enrollment – Spring/Summer Session

Intersession, spring and summer sessions operate at universities between May and August and include both full and part-time graduate and undergraduate students.

Table 1.1.3 shows that between 1999 and 2008 almost all spring and summer session enrollment at each university was comprised of part-time students. BU,CUSB and UCN did not offer full-time spring and summer session programming. Part-time enrollment continues to dominate spring and summer session.

Notes

1. Excludes pre-master's students. Pre-master's students are included in Graduate Studies.
2. Enrollment in the integrated B. Human Ecology/B. Education program is reflected in Education for Years 2 through 5. Enrollment in the integrated B. Music/B. Education program is reflected in Music for Years 2 and 3 and in Education for Years 4 and 5. Enrollment in the integrated programs for 2001/02 is reflected in Human Ecology (B. Human Ecology/B. Education) and Music (B. Music/B. Education) for Years 3 and 4 and in Education for Year 5.
3. University I program was introduced in 1998. Most "new" students, with limited or no university experience registered in this program. Faculties/schools that had previously accepted "new" students will show an enrollment drop for 1998.
4. Distance Education includes only those students taking *all* of their courses through a distance mode of delivery. Students taking a combination of on-campus and distance courses are included under their faculty of registration.
5. The Asper School of Business was formerly reported as the Faculty of Management.
6. Faculty of the Environment changed its name to the Clayton H. Riddell Faculty of Environment, Earth, and Resources in 2004.
7. Faculty of Physical Education and Recreation Studies changed its name to the Faculty of Kinesiology and Recreation Management in July 2007.
8. Extended Education formerly reported as Continuing Education.

Notes:

1. Students are counted once even if they are enrolled in multiple sessions.
2. University 1 program was introduced in1998. Most "new" students, with limited or no university experience have registered under this program.
3. Enrollment in the old integrated B. Human Ecology/B.Education program is shown in Education for year 2 through 5. In the new integrated programs, enrollment is shown in Human Ecology or Music for year3 and 4 and in Education for year 5.
4. The Faculty of Environment is new in 2003. Faculty of Environment contains some students previously reported under the Faculty of Arts and the Faculty of Science, as well as students previously reported under Natural Resources Institute.
5. Full/part-time breakdown unavailable for 2006, therefore all students in spring/summer session counted as part-time.

Notes:

1. Age is self-declared and not all students report their age.
2. Excludes Pre-Master's students, they are included in Graduate Studies.
3. Full-time based on 60% of the Normal Prescribed credit hour load.
4. Includes student who are taking all their courses through a distance method of delivery.
5. Table 1.2.2 is reported at November 1 of each year and UW reports age at the end of April therefore historical part-time totals will be higher than those in Table 1.2.2.
6. Due to student tracking system constraints, BU cannot completely reconcile its part-time figures to those in Table 1.2.2.
7. B.Sc. Dentistry and B.Sc. Medical students are included in the "unknown" category prior to 2001/02.
8. Missing UCN data - not available.

As shown in Table 1.2.5 (a), Students 25 years of age and younger comprised 79.6% of the undergraduate regular session enrollment in 2008/09, this is relatively constant over the last five years. Also note that 42.3% of part-time students are 26 years of age or older.

1.2.6 Undergraduate Credit Hours

Credit hours are defined as the hours of weight associated with a course, indicating the relative weight of the course in a program of study. Total credit hours are the sum of all credit hours taught by faculty. As the data indicate, credit hours at each institution generally follow the same trend as enrollment.

Table 1.2.6 - Total Undergraduate Credit Hours Summarized -University by Session

Notes:

1. Undergraduate Student Credit Hours (UGSCH) are the hours of weight associated with a course indicating the relative weight of the course in the program of studies. There is often a correlation between lecture class hours and hours of credit; for example, a full course carrying six (6) hours of credit may entail three (3) hours of lectures per week, both terms. This report includes: (a) distance education credit hours - students taking all of their courses through a distance method of delivery, such as Independent Study, on-line web, video conferencing, computer mediated study, telecourse or community based study; (b) all courses taught off-campus with stipend from other than faculty or school resources.
2. The Asper School of Business was formerly reported as the Faculty of Management.
3. The increase is due largely to the introduction of a new major in Supply Chain Management.
4. In 2003-2004, a key fourth-year course increased by 24 credit hours.
5. The Department of Mechanical and Industrial Engineering changed its name to the Department of Mechanical and Manufacturing Engineering in 2004.
6. Faculty of Environment changed its name to the Clayton H. Riddell Faculty of Environment, Earth, and Resources in 2004.
7. The Departments of Environmental Science and Geography combined to form the Department of Environment and Geography.
8. The Department of Clothing and Textiles changed its name to the Department of Textile Sciences in 2005.
9. The Department of Family Studies changed its name to the Department of Family Social Sciences in 2004.
10. Previously reported under Medical Rehabilitation.
11. The Department of English changed its name to the Department of English, Film, and Theatre in January 2008.
12. New in 2009/10
13. Health Program, Interdisciplinary was previously reported within Core Human Ecology
14. The Department of Botany, the Department of Zoology, and the introductory Biology Program merged into the Department of Biological Sciences in July 2007

1. Undergraduate Student Credit Hours (UGSCH) are the hours of weight associated with a course indicating the relative weight of the course in the program of studies. There is often a correlation between lecture class hours and hours of credit; for example, a full course carrying six (6) hours of credit may entail three (3) hours of lectures per week, both terms. This report includes: (a) distance education credit hours - students taking all of their courses through a distance method of delivery, such as Independent Study, on-line web, video conferencing, computer mediated study, telecourse or community based study; (b) all courses taught off-campus with stipend from other than faculty or school resources;

2. The Asper School of Business was formerly reported as the Faculty of Management.

3. The increase is due largely to the introduction of a new major in Supply Chain Management.

4. In 2003-2004, a key fourth-year course increased by 24 credit hours.
5. The Department of Mechanical and Industrial Engineering changed its name to the Department of Mechanical and Manufacturing Engineering in 2004.

6. Faculty of Environment changed its name to the Clayton H. Riddell Faculty of Environment, Earth, and Resources in 2004.
7. The Departments of Environmental Science and Geography combined to form the Department of Environment and Geography.

8. The Department of Clothing and Textiles changed its name to the Department of Textile Sciences in 2005.

9. The Department of Family Studies changed its name to the Department of Family Social Sciences in 2004.

10. Previously reported under Medical Rehabilitation.

1.2.8 Undergraduate Course Sections

Course section size is defined as the number of three credit hour equivalent sections taught. Table 1.2.8 shows course sections by class size which is equal to enrollment in each course section. Total course sections are the sum of all courses taught.

CHAPTER 1 - UNIVERSITIES

PART 3

GRADUATE ENROLLMENT

1.3 Graduate Enrollment

1.3.1 Graduate Enrollment – All Sessions

Table 1.3.1 shows that in 2008/09, UM accounted for just over 87.2% (4,199 students) of total graduate enrollment. This is to be expected, given that the other universities are primarily undergraduate institutions.

Notes:

1. Includes Regular Session and Spring and Summer Sessions.
2. Includes Joint Master's Program students who have their workload directly associated with the UM
3. Includes Pre-master's, Master's, Doctoral, Occasional, PGME and Diploma students.
4. Enrollment is discrete count of students in session; e.g. student enrolled in Regular and Spring/summer session in the same year may be counted twice in the above data.

1.3.2 Graduate Enrollment – Regular Session

Overall, graduate regular session enrollment increased by 780 students (or 24.5%) in the ten year period of 1999/00 to 2008/09.

1.3.3 Graduate Enrollment – Spring/Summer Session

Tables 1.3.2 and 1.3.3 shows that over the ten-year period, regular session graduate enrollment comprised over 80% of the total graduate student enrollment. And the overall graduate spring and summer session enrollment accounted for approximately 5.3% of total spring and summer session enrollment. (All graduate students taking part in spring and summer session are considered part-time.)

Gender is self-declared. Not all students report their gender.

1. Data as at November 1st. Graduate figures include students continuing in a course or thesis over more than one session.
2. Includes students in the Canadian Studies program at St. Boniface taking courses at the U. of M.
3. All diploma programs in Dentistry converted to Master's programs in 2001/02.
4. Students in the Education program at CSB taking courses at the UM.
5. The Department of Civil & Geological Engineering has changed its name to the Department of Civil Engineering in 2001/02.
6. Includes new Occupational Therapy graduate program in 2003-2004.
7. The Asper School of Business was formerly reported as the Faculty of Management.
8. Faculty of Environment new in 2003. Prior to 2003 the Department of Geography was reflected under the Faculty of Arts, the Department of Geological Sciences was reflected under the Faculty of Science and the Natural Resources Institute was listed under its own heading.

CHAPTER 1 - UNIVERSITIES

PART 4

DEGREES GRANTED

1.4 Degrees Granted

1.4.1 Total Degrees Granted

As Table 1.4.1 shows that in the ten year period from 1999 to 2008 the number of university degrees granted increased 36.3%.

Table 1.4.1 Total Degrees Granted [1]

Notes:

1. The reporting of degrees is based on a calendar year (February, May and October graduands).
2. Includes CUSB graduates. CUSB is legally an affiliated college of the UM, and as such, the UM Senate confers degrees. Therefore, CUSB students receive UM degrees and are counted in the UM graduate tables.

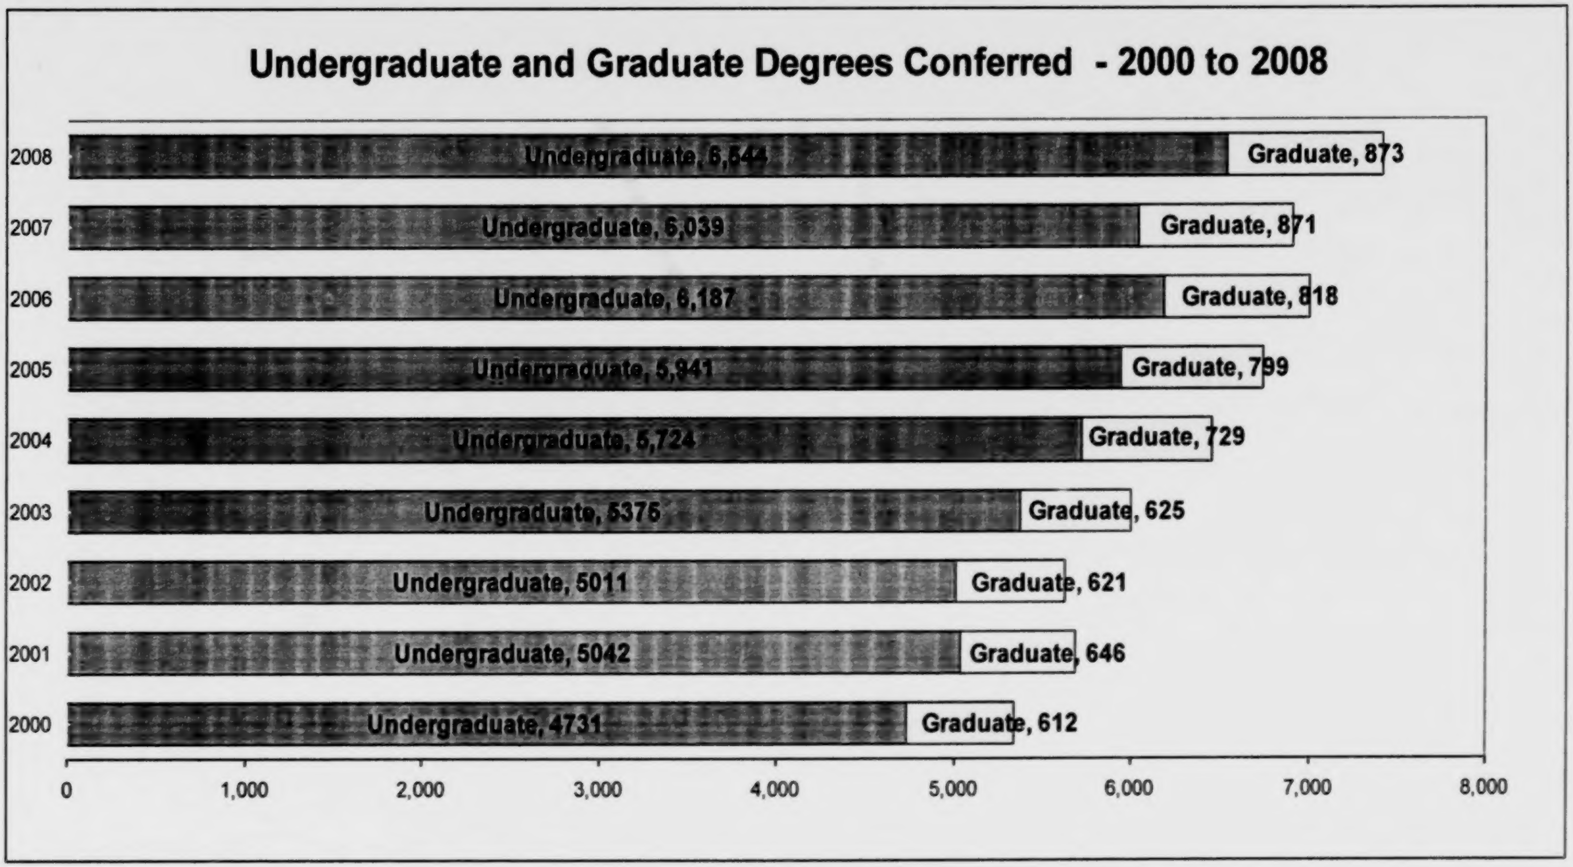
Table 1.4.1 (b) Total Degrees Conferred – Undergraduate and Graduate



1.4.2 Undergraduate Degrees and Degrees Granted by Gender

Table 1.4.2 shows, over the ten-year period, the number of undergraduate degrees granted increased by 37.2%.

Analysis by gender shows that over the ten-year period, the number of women and men receiving undergraduate degrees increased by 46% (or 1,271 graduates) and 25% (or 503 graduates) respectively.

Notes:

1. The reporting of degrees is based on a calendar year (February, May and October graduands).
2. Includes CUSB graduates.
3. Includes the Theology program.
4. CUSB is legally an affiliated college of the UM, and as such, the UM Senate confers degrees. Therefore, CUSB students receive UM degrees and are counted in the UM graduate tables.
5. Totals are not equal to those in Table 1.4.1 as gender is self-declared. Not all students report their gender.
6. percentage may not total 100% due to rounding.

CHAPTER 2 –COLLEGES

CHAPTER 2 – COLLEGES

2.0 Background

The data in this chapter reports on community college activity for the ten year period between 1999/00 and 2008/09. Established in July 2004, University College of the North (UCN) replaced Keewatin Community College (KCC), offering both university degree programs and college programs in 2005/06 and only college programs data are included in this chapter. The other institutions that are included in this section are Red River College (RRC), Assiniboine Community College (ACC) and École technique et professionnelle (ETP), the community college division of Collége universitaire de Saint Boniface.

2.1 Enrollment

College enrollment data are collected and reported in conjunction with Statistics Canada reporting methods. Data are reported annually as of August 31.

1. Census Date: End of the academic year.
2. Includes students enrolled in regular programs, apprenticeship and studying full time at regional Centres.
3. FTE = (total academic hours+(total Practicum hours/3))/900 academic equivalent hours or 180 training days.
   FTE figures are calculated and provided by institutions.
4. Formerly know n as the Keew atin Community College (KCC). UCN degree programs are excluded.

2.1.2 Enrollment by Gender

In 2008/09, male comprised 49.5% of total enrollment, female at 43.9 and 6.6% are unreported.

Notes

1. Enrollment is as of program start date.
2. Enrollment by Age is a unique count of students regardless of number of programs enrolled. Therefore figure may be different from Table 2.1.1 (Total enrollment by College)
3. Total may not add to 100% due to rounding.
4. Total in table 2.1.3 will not be the same as table 2.1.1 due to UCN unable to separate studens in degree or college program by age.
5. Exclude unknow age groups

CHAPTER 3 – UNIVERSITY AND COLLEGE RETENTION

CHAPTER 3: UNIVERSITY AND COLLEGE RETENTION

3.0 Background

This chapter presents data showing retention and graduation rates of full-time students in credit programs at Manitoba's universities and colleges.

Universities and colleges do not have the capacity to track students who leave to attend another post-secondary institution. University data have been adjusted based on surveys to provide an estimate of the number of students transferring to another post-secondary institution. This analysis helps to report the most complete information regarding the success of students in the post-secondary system in Manitoba.

A 'cohort' refers to those students who entered a program in a particular year. For Example: The 2005 cohort refers to those students who entered their program in 2005/06 academic year. Rates are calculated after the end of the first year, fifth year and seventh year of studies after entry into the program. Thus, the 2005 cohort is assessed in 2006 (end of first year), 20010 (end of fifth year), and 2012 (end of seventh year).

3.1 University Retention

Table 3.1a shows graduation and retention rates for students who enter university as full-time students in programs that do not require previous post-secondary studies ("First Entry Programs").

The percent of students graduating from First Entry Programs after five years has decreased from 57.3% for the 2001 cohort[1] to 55.5% for the 2005 cohort.

3. In 2006/07, University of Manitoba implemented a new Student Information System. Data prior to 2001are not comparable due to system change.

4. UCN first cohort added to the data collection.
5. Universities' graduation and retention data may have be revised to reflect corrections in data received by universities, as well as to account for students changing program, and going from full- to part-time studies and vice versa.

Table 3.1b shows graduation and retention rates for students who enter a program that requires previous post-secondary study ("Second Entry Programs").

Similar to First Entry Programs, the percentage of students graduating from Second Entry Programs after five years decreased from 98.0% for the 2001 cohort to 97.3% for the 2005 cohort. The percentage of students withdrawing from Second Entry Programs over the five year period increased from 1.9% for the 2001 cohort to 2.7% for the 2005 cohort.

3. In 2006/07, University of Manitoba implemented a new Student Information System. Data prior to 2001 are not comparable due to system change.

Table 3.1c shows graduation and retention rates for students in co-operative education programs. Co-operative education programs are tracked differently from First and Second Entry Programs, recognizing the fact that work placements require periods away from formal study, lengthening the duration of the program.

The percentage of students graduating from Co-operative Education Programs after six years increased from 99.4% for the 2001 cohort to 100% for the 2004 cohort. The percentage of students withdrawing from Co-operative Education Programs is less than 1% over the 6 year period.

CHAPTER 4

UNIVERSITY AND COLLEGE STAFFING

CHAPTER 4 – UNIVERSITY AND COLLEGE STAFFING

4.0 Background

This chapter includes two sections of data and analysis on the universities and colleges for the years 2004/05 to 2008/09. The first section includes data on staffing at the universities and the second section is on staffing at the colleges. Each section provides data on the number of academic faculty and support staff at each institution, as well as rank, gender and salary levels.

4.1 University

4.1.1 All Staff by type (Total Staffing)

"All staff" refers to everyone employed at a university. This includes all administrators, academic faculty, administrative staff, librarians, as well as trades people and janitorial staff. It is the sum of all full-time and part-time staff at each university in Manitoba. Full time term staff works equal or greater than 12 months, while part time term refers to those individuals who work for less than 12 months.

Full-time staff is shown in four categories permanent, term, reduced appointments and geographic. Part time staff is shown in three categories permanent, term and casual. A permanent staff member has a continuing appointment with no fixed end date, while staff members with term appointments work on a contract with a fixed duration. A reduced appointment is a full-time staff member working less than a full staff year with full benefits. This reduced appointment can be voluntary or required at age 69, at some universities. Full-time geographic appointment reported only at the UM, this category includes; medical doctors who, in addition to their academic appointment, have a clinical practice, or casual staff who are generally on contract for short time spans. Staffing numbers are reported as of October 1 each year.

4.1.1 – University All Staff by Type

In 2008/09, Academic staff comprised 43.4% (4,421) of total staff and 56.6% (5,766) is in the Administrative component. Over 56% of academic staff is full-time and 44% teaches part-time. Similar to the administrative staff distribution, percentage of full staff is over 50%.

4.2 College

“All Staff” refers to everyone employed at a college; this includes all administrators, instructors, educational assistants, administrative assistants, librarians, as well as trades people and janitorial staff. Full-time staff works the full number of hours per week (usually 35) as defined for a particular position, over a 12 month period. Part-time staff works less than 35 hours per week, as defined for a particular position, or who work for less than a 12 month period.

CHAPTER 5

ACCESS PROGRAMS

CHAPTER 5 – ACCESS PROGRAMS

5.0 Background

The ACCESS Programs were developed in the 1970's to maximize access to post-secondary education among under-represented groups that face significant academic, financial, social and personal barriers. Priority groups are those of Aboriginal ancestry, northern residents, people with disabilities, visible minorities, women, single parents, and immigrants and refugees. Integral to ACCESS Programs are the academic and personal supports provided to students to complete their program successfully.

Data provided in this Chapter may differ from the Fall 2009 edition. Data in this document should be considered correct, as some of the institutions have revised their data. Where this has occurred, "Revised" will be noted.

5.1 ACCESS Programs by Institution

Institution	ACCESS Program
Brandon University	• **Brandon University Northern Teacher Education Program (BUNTEP)** An off-campus community based Bachelor of Education program for students in northern and rural Manitoba
University of Manitoba	• **University of Manitoba ACCESS Program (UMAP)** A program providing access to educational opportunities on-campus at the UM for northern and rural students • **Health Careers ACCESS Program (HCAP)** In 2006, Nursing ACESS Program (NAP) and Special Pre-Medical Studies Program (SPSP) were merged under a new name. HCAP includes students in the faculties of Medicine, Dentistry, Dental Hygiene, Pharmacy, Medical Rehabilitation (Physical and Respiratory Therapy) and Nursing **Professional Health Program (PHP)** A program providing support to students in the faculties of Medicine, Dentistry, Pharmacy, and Medical Rehabilitation for those who have gained admission to these faculties • **Aboriginal Nursing Cohort Program (ANCP)** Established in 2008, this program provides capacity for up to 16 students to pursue a cohort-based nursing program in Faculty of Nursing. • **Northern Bachelor of Social Work Program (NBSWP)** A Bachelor of Social Work program in Thompson • **Inner City Social Work Program (ICSWP) and Aboriginal Child Welfare Initiative (ACWI)** An off-campus Bachelor of Social Work program • **Engineering ACCESS Program (ENGAP)** A Bachelor of Engineering program for Aboriginal students
University of Winnipeg	• **Winnipeg Education Centre – Bachelor of Education Program (WEC-Ed)** An off-campus Bachelor of Education program that trains teachers for Winnipeg's inner city • **Community-based Aboriginal Teacher Education Program (CATEP)** - Implemented in Fall of 2005/06. Program is designed specifically for Aboriginal Teacher Assistants to attain the Bachelor of Education degree
Red River College	• **Business Administration Integrated Program (BAI)** Formerly called Community College ACCESS Program (CCAP). A three-year diploma program intended for applicants who, because of a lack of resources, do not meet the basic entry requirements for the two-year Business Administration Program. • **ACCESS Bachelor of Nursing Program (ABN)** A merger of the Southern Nursing Program (SNP) and College Preparation for Nursing (CPN) ACCESS programs, this new ABN program is designed to enable applicants from southern Manitoba who do not meet the educational requirements for the Baccalaureate Nursing Program to acquire the skills necessary to entre the program.
niversity College of the North	• **Health Careers Transition Certificate Program (HCTP)** A merge of the Health Education ACCESS Program (HEAP) and Preparation for Nursing (PN), this new Health Transition certificate program is designed for non-traditional students (Aboriginal students, single parents, adult learners) who have an interest in taking the first steps towards becoming a nurses, midwife, doctor, dentist, physical or occupational therapist, pharmacist, or one of the many professional health careers that require a university-level or college-level education

P = Preliminary

R= Revised (revised data updated as being received)

Notes:

1. New Intake - Number of new students accepted in Year 1 of the Program
2. Enrollment - Active students continuing in program, regardless of the entrance year to program.
3. BUNTEP - no intake in 2003/04 due to program site restructuring.
4. 2000/01 intake includes 3 one time only programs of 1 to 2 years. These programs are categorized as ACCESS related but not funded by COPSE.
5. Graduates - Number of students graduate in that year, regardless of the entrance year to program.
6. CATEP - new program introduced in 2005/06.
7. The previous Nursing Access Program (NAP), the Pre-Nursing Access Program, and the Special Pre-Medical Studies Program (SPMP) were merged under the new Health Careers Access Program (HCAP) in 2006. HCAP includes students in the faculties of Medicine, Dentistry, Dental Hygiene, Pharmacy, Medical Rehabilitation (Physical and Respiratory Therapy) and Nursing. Pre-HCAP students are students who have expressed an interest in Nursing, however, they have not yet gained admission to the faculty.
8. HEAP and PHC were merged under a new Health Transition Certificate program (HTCP) in September 2009.

5.3 Student Demographics

Table 5.3 has been modified to illustrate demographic profile of new intake of students enrolled in ACCESS programs between 2004/05 to 2008/09. In 2008/09, Aboriginal students comprised an average of 76% of the total students by demographic group. Aboriginal female distribution increased to 76% from 73% in 2008/09.

Financial assistance is limited to a specific number of seats annually and is provided to eligible students through federal loans and provincial bursaries. In 2008/09, 64% of ACCESS students have received financial support from various organizations and 36% are students are self supporting or by other means.

5.4 Graduate Employment Outcomes

ACCESS program graduates are surveyed annually to determine their employment outcomes. As table 5.4 shows, in 2008/09 (85.4%) ACCESS graduates either found employment or were continuing their education. Data also show that in 2008/09, 75.9% of employed graduates found work related to their field of study.

CHAPTER 6

OTHER FUNDED PROGRAMS AND INSTITUTIONS

6.1 Campus Manitoba

6.1.1 Background

Campus Manitoba (CMB) is a consortium of Manitoba's publicly funded universities and colleges. Funded by Council on Post-Secondary Education, CMB coordinates the registration of students and the delivery of certificate, diploma and degree courses/programs offered by the participating universities and colleges. CMB courses are delivered by means of a variety of learning technologies and web based platforms directly to the student or to a CMB Centre. CMB provides alternate options and increased flexibility to students living in rural, urban centres and northern Manitoba.

CMB began as the First Year by Distance Education (FYDE) pilot project in September 1990. FYDE provided full-time first year university study in Arts and Science by distance education in the four northern and remote centres of Dauphin, Thompson, The Pas, and Flin Flon. In 1998, the mandate of the FYDE program was expanded, and the program was officially renamed Campus Manitoba to reflect the wide ranging courses offered by Brandon University, University of Manitoba, and University of Winnipeg at the undergraduate level. In 2006-07, the three universities collectively offered 57 distinct courses through Campus Manitoba.

6.1.2 Student Count by Community

Between 2004/05 to 2008/09, number of students registered decreased by 183 (or 39%) from 467 to 284.

6.2 Inter- Universities Services

6.2.1 Background

Inter-Universities Services (IUS) is a consortium of UM, UW, and BU that was established in 1971/72 to deliver undergraduate courses and related student support services in communities north of the 53rd parallel. Students who register through IUS may transfer courses, grades and credits between the three universities. All courses satisfy the residency requirements for degrees at each university.

IUS is administered by UCN. IUS offers courses primarily in arts, social sciences, history, native studies and business administration. IUS also provides electives to support other university programming in the north.

The On-Site programs offered by IUS provide both full and part time study opportunities by instructors who travel to the northern communities. Credit courses are offered in response to identified needs, subject to budget limitations.

6.3 Private Religious Institutions

6.3.1 Background

There are four private religious degree-granting institutions that receive a portion of their funding from the Council on Post-Secondary Education. This funding is to support enrollment in non-theological, non-denominational courses. The private religious institutions are the Canadian Mennonite University (CMU), Providence College and Seminary (PCS), William and Catherine Booth College (WCBC), and Steinbach Bible College (SBC). Five years of enrollment and graduation data from the private religious institutions are available: 2004/05 and 2008/09.

CHAPTER 7 – TUITION FEES

CHAPTER 7 – TUITION FEES

7.0 Background

The information presented on tuition fees was obtained from a variety of sources. In 2007, Statistics Canada made change to the annual *Tuition and Living Accommodations Survey*. The Classification of Instructional Programs (CIP) coding was adopted to be used for all postsecondary surveys and Census of population. This allows the use of more recent and more accurate university enrolment data, which are also based on CIP, for the calculation of weighted tuition fees.

However, in some cases (e.g., medicine, education and a few others), the classification remained consistent. For these disciplines, only 2 factors affect the comparability of weighted averages to previous year: the number of institutions that provided tuition data and the more recent enrolments counts used in the calculations. In other cases (e.g., arts and sciences), the category no longer exists and the tuition for programs under that category may now appear under two or three different categories. It is not possible to map the tuition provided in the new categories to the categories used in preceding years. This data are found in Tables 7.2.1. Additional tuition fee information is found in Tables 7.1.1, 7.1.2 and 7.3.1 and was provided by the institutions annually.

Statistics Canada weighted tuition fees using historic enrollment data. Table 7.2.1 Weighting tuition fees provide an accurate and reliable indicator of the amount paid by the majority of undergraduate students are paying when seeking historical comparison. A weighted average considers the proportion of students in each field of study, allowing for a consistent view of fees over time. It is noted that weighting at the provincial and institutional levels is different. Institutional data cannot be averaged to equal the provincial data.

Community colleges provided the data directly to the Council on Post-Secondary Education, as Statistics Canada no longer collects this data.

7.1 Manitoba Universities and Colleges

In 2000/01, the provincial government reduced tuition fees in Manitoba by 10% from 1999/00 levels. The 10% reduction applied to all full and part time students in for-credit programs leading to a graduate or undergraduate degree. Since the numbers in the table are weighted by Statistics Canada, the reduction appears to be less than 10% for the University of Manitoba and CUSB.

Concurrent with the 10% tuition fee reduction, the institution were reimbursed for the reduction in revenue and provided additional funding in recognition of the fact that the institutions were unable to raise additional revenue. This practice has continued annually.

Notes:

1. Table figures does not equal to Table 7.2.1 due to difference in weighted average formula.

2. Includes data only for arts and science faculties and excludes professional faculties or schools.

7.1.2 Colleges

The provincial policy for the 10% fee reduction in 2000/01 was applied to students in for-credit Council funded programs leading to a certificate or diploma. College tuition has remained at the 2000/01 level.

Notes:

1. Using the most current enrollment data available, average tuition fees have been weighted by the number of students. Statistics Canada believes a weighted tuition fee provides an accurate and reliable indicator of the majority of undergraduate students are paying when seeking historical comparison. A weighted average considers the proportion of students in each field of study. This allows a consistent view of fees at the undergraduate lever over time.

2. BC tuition average includes both public and private institutions.

3. Fees for in and out of province students are included in this calculation. Quebec began charging non-Quebecois Canadians residents a differential fee in 1997/98.

7.2.2 College Tuition

In 2000/01, college tuition in Manitoba was reduced by 10% in accordance with the provincial government initiative. Since then, Manitoba has had the second lowest average college tuition fees in Canada at $1,292. Quebec has the lowest tuition in Canada.

7.3 Private Religious Institutions

As part of the funding arrangement with the Government of Manitoba, private religious institutions are expected to charge tuition for academic programs at a rate that is not less than tuition fee rates at public post-secondary institutions in Manitoba offering comparable courses.
